Overview

Create a short TikTok giving viewers a tour of your SAE campus.

Your video should show the key spaces students use, such as studios, labs, creative spaces, social areas and learning environments.

The goal is to help future students visualise what it is like to study and create at SAE by showing the real spaces where projects and collaboration happen.

Your video must clearly show the SAE campus you study at and highlight several areas students regularly use.

Videos may be used across TikTok, Instagram Reels and other SAE marketing channels.
